

Environmental Statement CONTENTS

CONTEXT

- 1 Introduction
- 2 Site description
- 3 Proposed development and land uses
- 4 Site selection, alternatives and scheme evolution
- 5 Planning policy context
- 6 Scoping and consultation

THEMATIC ASSESSMENTS

- 7 Community effects
- 8 Transport and access
- 9 Air quality
- 10 Noise and vibration
- 11 Ground conditions, drainage and flood risk
- 12 Landscape and visual effects
- 13 Ecology
- 14 Archaeology and cultural heritage

CONCLUSION

- 15 Conclusion

FIGURES

Introduction and site description

- 1.1 Site location
- 2.1 The site

Proposed development and land uses

- 3.1 Proposed site layout plan – drawing PL003 rev.E
- 3.2 Proposed site sections – drawing PL011rev.C

Noise and vibration

- 10.1 Noise monitoring and assessment locations
- 10.2 Cladding specification, baseline assumptions
- 10.3 Cladding specification, additional mitigation assumptions

Ground conditions, drainage and flood risk

- 11.1 Ordnance survey map
- 11.2 Geological map

Landscape, townscape & visual effects

- 12.1 Site location and context
- 12.2 Designations
- 12.3 Landscape character areas
- 12.4 Approximate boundaries of CCW Landmap Visual and Sensory Aspect Areas
- 12.5 Vegetation, ridgelines and public access
- 12.6 Zone of visual influence and viewpoint areas
- 12.7 Photographic viewpoint locations
- 12.8 – 12.17 Photographic viewpoints
- 12.18 - 12.22 Photomontage sheets

Ecology

- 13.1 Nature conservation areas
- 13.2 Extended Phase 1 habitat survey
- 13.2 Protected and notable species

APPENDICES

Transport and access

- 8.1 Transport assessment scoping
- 8.2 Transport assessment
 - 1 2007 Traffic Count Data for Link Roads
 - 2 2008 Traffic counts
 - 3 Bus Timetable for Routes 7, 8 and 9
 - 4 Calculation of traffic flows from construction
 - 5 Parking provision
 - 6 Transport plan
 - 7 Network diagrams
 - 8 Committed Development in Rhondda Cynon Taf
 - 9 ARCADY junction assessments

Air quality

- 9.1 The nature and potential effects of pollutants
- 9.2 A review of background local air quality
- 9.3 Draft Site Management Plan
- 9.4 Pre-Operational Odour Management Plan
- 9.5 HMIP Technical Guidance Note (Dispersion) D1 calculation
- 9.6 Dispersion modelling report

Noise & vibration

- 10.1 Daytime baseline noise map
- 10.2 Night time baseline noise map
- 10.3 Daytime mitigated noise map
- 10.4 Night time mitigated noise map
- 10.5(i) Measured daytime noise levels
- 10.5(ii) Measured night time noise levels
- 10.6 Plant noise assumptions

Ground conditions, drainage and flood risk

- 11.1 Wimpey Laboratories Ltd, Report S/87, 1972.
- 11.2 Interpretive Report on Ground Investigation, Exploration Associates Report 155102: and, Trial Pits of the Hirwaun Industrial Estate, Thomas Morgan Associates, 1988.
- 11.3 17 Acre Site at the Hirwaun Industrial Estate, Report P329.01, Thomas Morgan Associates, 1995.
- 11.4 Summary of Works at Hirwaun 17 Acre Site, Thomas Morgan Associates.
- 11.5 Hirwaun Ecopark. Phase 1 Environmental Desk Study, ERM, 2007.
- 11.6 Site investigation, 2008
- 11.7 Flood risk assessment Environmental Visage, 2008.
- 11.8 Welsh Water's pre-planning and Trade Effluent Consent advice.
- 11.9 River Camnant quality status.

Landscape and visual

- 12.1 Methodology for photomontage views
- 12.2 Criteria for evaluating landscape quality, value and sensitivity
- 12.3 CCW Landmap methodology
- 12.4 CCW Landmap technical reports
- 12.5 Policies and guidance relating to landscape character and visual amenity
- 12.6 BBNPA UDP Appx 3: Native tree species
- 12.7 CCW LANDMAP completed data capture forms
- 12.8 Baseline visual survey table
- 12.9 Landscape impact assessment table
- 12.10 Visual impact assessment table

Ecology

- 13.1 Extended Phase 1 habitat survey & Protected species survey
- 13.2 Planning policy review

Archaeology

- 14.1 Desk-based research information
