Information from the Historic Wales Website

The Historic Wales Website (<http://jura.rcahms.gov.uk/NMW/start.jsp>) presents historic environment information held by the Royal Commission on the Ancient and Historical Monuments of Wales (RCAHMS), the National Museum of Wales and Cadw. The portal allows the simultaneous searching of hundreds of thousands of records relating to archaeological monuments, historic buildings and artefacts held by different organisations across Wales.

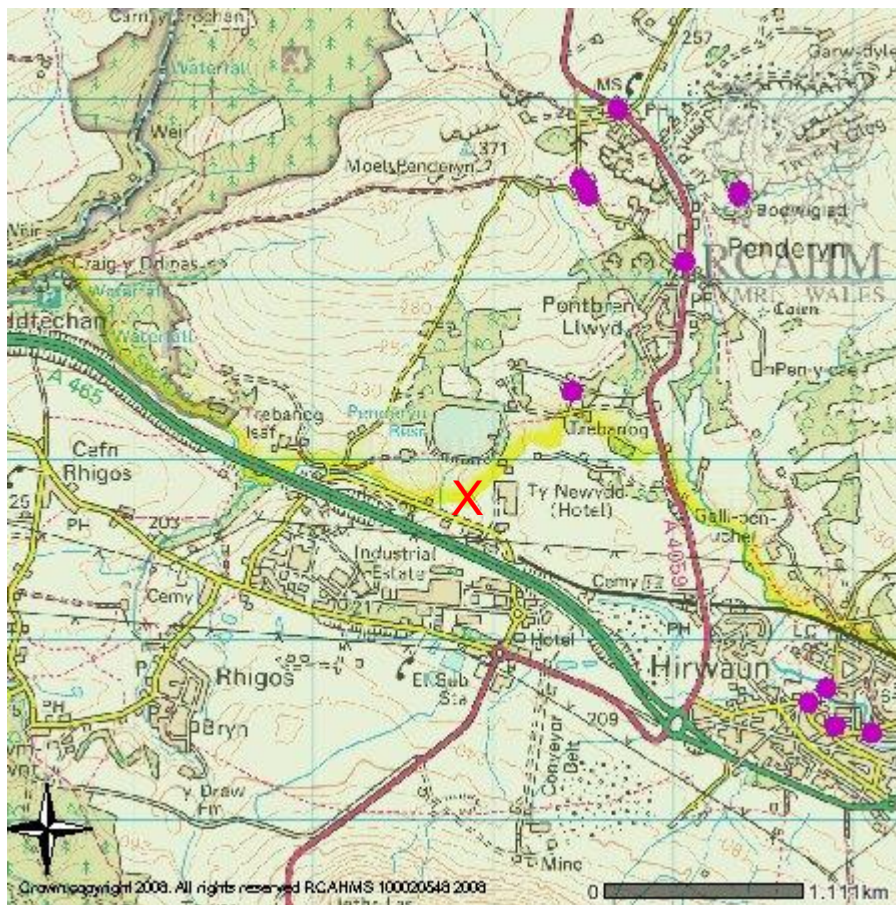

A search was undertaken of the area in the vicinity of the proposed development, and the results are presented in the map is shown below. A red cross marks the approximate site location. Maps of the individual listing results, and tables identifying the records they relate to, are presented below.
