

Pro-sure Fencing

MP-PS-202

Pro-sure is for high security applications, though is often used for lower security applications for peace of mind.

*** Matching Swing Gates or Sliding Gates can be supplied*

The mesh is a 75 x 12.5 x 4mm fabric (commonly termed 358 mesh) and these very small apertures mean it's not possible to get a finger or toe hold for climbing, or get access with a cutting tool. A range of heights is available of up to 6 metres, posts are hollow steel sections with the mesh overlapped and secured with full length clamp bars and security fixings. Finish in a wide range of standard RAL colours. Non-standard colours are also available.

Applications

- Perimeter - medium / high security
- Utilities
- Warehousing
- Airports
- Retail
- Industrial Units
